**opening reception: thursday, september 15<sup>th</sup> from 5 to 7 pm.**

Holland born artist, Marjan Eggermont, pays homage to the Dutch landscapes of her youth and in the process continues the legacy of the Dutch Masters. This exhibition draws on Marjan's homeland memory and is of particular sentiment to the artist as it coincides with the time that Marjan has lived in Canada as long as she had lived in Holland.

Marjan Eggermont's steel etchings are a unique departure from traditional printmaking on paper. The surfaces of her work are rich in texture and earth toned hues. Marjan's innovative work has continued to gain recognition, including being named one of the 20 most influential artists in Calgary by the Calgary Artwalk Society. She teaches at the University of Calgary in both the Arts and the Engineering faculties and was recently awarded the 'Alan Blizzard Award for Collaborative Projects that Improve Student Learning'. She has curated and exhibited in numerous solo and group shows.
